Experience, Knowledge and Passion is at the core of what we do. We at Ability Plus have formed long-lasting and trusted relationships with many of the most successful companies on the Isle of Man since we were established in 1989. We know that quality people are the key to our success and take pride in the fact that we are driven, hardworking and motivated Recruitment Consultants who offer personal, dedicated and professional support that you can rely on. We provide staffing solutions for companies that need to fill positions at all levels. So, when it comes to recruitment, when you work with Ability Plus it feels like we are an extension of your internal HR team. Every client - whether you are a small business, large market-leader, or somewhere in-between - is important to us and our blend of experience means that when it comes to recruiting your staff our focus is entirely on you. My name is Anne Marie Hanna and I am the Managing Director of Ability Plus Ltd.

With over 20 years' experience in recruitment I am very familiar with the staffing needs of businesses in the Island and I like to get to know the people behind the businesses we work with.

I have a 'hands on' approach when it comes to recruitment; directly engaging with both candidates and clients and matching their needs.

I am a highly motivated, ambitious individual, who thrives in a high-pressured environment and this flows over into everything I do, including my passion for physical fitness.

I build friendly, professional relationships and all my business networks find me to be easily approachable when looking to recruit. From providing leading employers with the staff they need, to finding candidates the right job that fits with their lifestyle, I am extremely proud to be able to facilitate long-lasting relationships.

Brand Grade: Grade One
