Probox have dedicated, leading edge equipment and highly trained craftsmen, saving our customers time and money on their own production costs whilst ensuring the quality of the drawer boxes meet up to the premium kitchens and furniture being produced for the end client. Starting the manufacturing process with a stringent timber selection process, Probox only use quality solid timber that's sourced responsibly. Probox also offer FSC certified timber on request. Probox offer a range of options including beech, oak, walnut, maple, birch plywood and many more. Specialist equipment and tradesman craftsmanship are combined during manufacturing to achieve the precision and attention to detail required to produce

Probox drawer boxes. Probox has a simple three step ordering process;- Provide

your order requirements over the phone or online.

– Our technical support centre draws up the quote with all details of sizes and specification for approval.

– Ready for you to check and sign off We make sure that each box is individually protected and wrapped so they arrive in perfect condition and ready for installation. Probox consistently deliver high quality drawer boxes to our customers exact specification, on time and on budget. @ <https://www.proboxdrawers.co.uk/>
