The Manitoba Conservatory of Music & Arts is Manitoba’s premier independent musical community—dedicated to a higher level of musical learning. We nurture the musical spirit of toddlers, beginners, dabblers, amateurs, aspiring and working professionals and those who just love to listen. We are a community of musicians, for musicians, by musicians. Every one of our 70+ instructors is highly qualified to teach music. A majority holds Bachelor Degrees; many possess Masters Degrees and some have earned Doctorate Degrees. Our high achievement rate is the result of a professional faculty that engages students in a facility designed to build musical focus and community.
